SILVER LAKE NEWS

APRIL 2022

Director's Message

Spring is here and so is camp registration! That's right, camp registration is open and what an incredible feeling to see the registrations rolling in. We are so excited to finally be back on site again together and to meet all the new and returning campers alike. (Don't worry, it's not too late to secure your spot! Follow this link to register today - http://silverlakecamp.ca/registration/.)

If it's been a while since your family has been at camp, or your child has a friend they would like to invite and they want to learn more about Silver Lake, we encourage you to head to our social media and check out our "Welcome Back" campaign! Over the coming weeks we are showcasing some of the highlights of SLC and the things you can look forward to experiencing this summer.

We are also continuing to build our 2022 staff team. Each year we bring together a group of young leaders who we know will intentionally care for and create amazing memories for our campers - and this year's team is no different! We are looking forward to investing in and developing this year's staff. They truly are the frontlines who make the magic happen, and we are still hiring for a few positions (especially lifeguards and counselors). If there are any young adults (17+) in your life who would be a good fit, please invite them to apply! https://silverlakecamp.ca/job-opportunities/.

Please don't hesitate to reach out if you have any questions. We are here to ensure you and your child feel prepared for camp and that they have the best week possible!

Blessings from your Directing Team,
Emily Cowley & James Wright

#Build The Future Update

In March the SLC Dining Hall Build Team hosted online forums to share information about our dining hall build project. Photos and videos have been shared on social media with information about the size and details of this exciting new building. To find them, please visit our Facebook or Instagram account. We want to share the vision of this building/camp hub with our supporters. This is a graphic that outlines all the work and steps the camp committee has taken move this project forward to date. If you have questions or want to know more about the new dining hall or fundraising efforts-please contact us.

April 24th is Camping Sunday! Each year the United Church highlights the amazing ministry of camp in April. Your church may already have some traditions on this Sunday like singing favourite songs or sharing skits from camp. With the past two years being very different than most summers, it is particularly important to share in each congregation about the wonderful impact that Christian camping can have in the lives of our children and youth.

If you are passionate about camping ministry and want to share this with others in your congregation please feel free to use the promotional video included below. ***"A Day At Silver Lake"*** is a short video that was created at Silver Lake and offers viewers a chance to share in the excitement of camp. Share with your congregation on Camping Sunday or any Sunday that it fits for your church!
